SECTION C: INCOME INFORMATION FOR 2021

The following sections require you to provide your 2022 income. Provide figures for the entire year; do not put hourly wage rates. Instead, compute what you earned for the entire 2022 year. Include all income received from January 1, 2022 until December 31, 2022. After completing the appropriate income section, sign this form, attach all supporting documentation, and submit the information to our office.
